Arga Pratama

WEB DEVELOPER

Indramayu, ID | 62853-9776-2752 | argaprataman052@gmail.com | argapratama.netlify.app | github.com/Argapr

Objective

A detail-oriented and passionate web developer with hands-on experience in building full-stack web applications using modern JavaScript technologies such as React, Next.js, Node.js, and Laravel. Capable of developing robust backend services and user-friendly interfaces, with a focus on performance, scalability, and maintainability.

What I love to do:

- Building robust and scalable web applications from the ground up

- Transforming ideas into full-featured digital solutions that solve real problems

- Collaborating with teams to architect, develop, and deploy innovative web-based products

- Continuously learning and exploring the latest trends in web technologies to improve development efficiency and performance

Experience

PT. Eco Paper Indonesia | IT Support Internship   **Mar - Jun 2024**
- Installed and configured LAN infrastructure across 3 departments.
- Deployed and managed CCTV systems using IP-based tech.
- Conducted periodic PC maintenance, improving system uptime by 20%.

PT. Jerbee Indonesia | Web Developer Internship   **Jan - Mar 2024**
- Developed Q&A and admin management features for Nesaseskul using React and Firebase.
- Cleaned and preprocessed data for web-based statistical analysis.
- Conducted A/B testing and interpreted statistical results to support feature decision-making.

Education

SMK Negeri 1 Subang   **2022 - 2025**
Major: Software Engineering

Skills & abilities
